## Candidate by Election Search

The Missouri Ethics Commission released new, financial summaries now available in the *Candidate by Election* search. This offers an easy-to-read snapshot of the candidates' financial summaries for those seeking office in a specific election. The search displays information, for the election, from the most recent full disclosure report filed up through the 30-Day After Report.

"This search provides the public additional transparency in the money spent and received during elections", says Julie Allen, Executive Director.

To view the new search and its features, click [Candidate by Election Search](#).

*Thank you,*
